

AYUSHI MUDGAL

Data Analyst | SQL · Advanced Excel · Power BI · Python · Business Intelligence & MI Reporting

Delhi, India • (807) 666-0659 • tanmaymudgal011@gmail.com • [linkedin.com/in/ayushi-mudgal436466417](https://www.linkedin.com/in/ayushi-mudgal436466417) • github.com/ayushi-mudgal • ayushimudgal.github.io/Portfolio

PROFESSIONAL SUMMARY

Data Analyst Intern with hands-on experience in SQL, Advanced Excel, Power BI, and MI Reporting, specializing in data validation, dashboard development, KPI reporting, and business insights. Skilled in data cleaning, data transformation, and relationship modeling to produce accurate, decision-ready reporting. Experienced in large dataset analysis across banking, e-commerce, and HR analytics contexts. Analytically minded and committed to continuous learning, translating complex datasets into clear business insights that support stakeholder decision-making and process improvement.

TECHNICAL SKILLS

Microsoft Excel: Advanced Excel, Pivot Tables, Pivot Charts, VLOOKUP/XLOOKUP, Data Validation, KPI Cards

SQL & Databases: SQL, MySQL, Joins, Aggregations, CTEs, Window Functions, Primary/Foreign Keys, Data Modeling

Business Intelligence: Power BI (DAX, Power Query, Data Modeling, Relationship Modeling, Interactive Dashboards), Dashboard Development, Data Visualization

Programming: Python (NumPy, pandas, Matplotlib, Seaborn)

Statistics & ML Fundamentals: Descriptive Statistics, Probability, Hypothesis Testing, Correlation, Regression, Classification, Clustering, Sampling, Distribution & Outlier Analysis, Data Preprocessing, Feature Engineering, Model Evaluation, Cross-Validation, Scikit-learn Basics

Analytics & Reporting: Data Cleaning, Data Transformation, Data Quality Checks, EDA, Trend Analysis, Root Cause Analysis, Large Dataset Analysis, KPI/MI/Business Reporting, Excel & Reporting Automation, Decision Support, Performance Metrics

Core Competencies: Stakeholder Communication, Analytical Thinking, Process Improvement, Cross-Functional Collaboration, Attention to Detail

EXPERIENCE

MetaMinds Technologies | *Data Analyst Intern* May 2026 – Present

- Cleaned, transformed, and validated raw data using Power Query to ensure accuracy and consistency for downstream reporting.
- Integrated and modeled data from 10 related datasets by building relationships in Power BI, enabling large dataset analysis for the CourtNetra dashboard.
- Developed interactive Power BI dashboards using KPI cards, slicers, drill-through pages, and DAX measures to support Management Information (MI) reporting.
- Analyzed legal case datasets to surface filing trends, department-wise performance, case priority distribution, and case status insights for stakeholder decision-making.
- Prepared dashboard design concepts and reporting layouts, using AI-assisted brainstorming to translate business reporting requirements into structured analytical dashboards, in collaboration with the UI team.

PROJECTS

Bank Customer Churn Analysis | *SQL, Excel, Power BI*

- Analyzed customer transaction and demographic data using SQL joins and aggregations, then built a pivot-based Excel KPI and Power BI dashboard to identify churn drivers and support retention decisions.

E-Commerce Sales Dashboard | *Excel, SQL, Power BI, DAX*

- Designed an Excel and Power BI dashboard with structured data modeling and DAX measures to visualize sales, revenue, and profit trends, helping stakeholders identify revenue drivers and inform strategy.

HR Analytics Dashboard | *Excel*

- Built an interactive Excel dashboard using pivot tables, pivot charts, and KPI cards to analyze employee attrition patterns and support HR workforce planning decisions.

EDUCATION

University of Delhi — Delhi, India

B.Sc. (Hons.) Mathematics | Graduated: 2022

SOFT SKILLS

Analytical Thinking • Problem Solving • Cross-Functional Collaboration • Stakeholder Communication • Attention to Detail • Teamwork
